<b>bulb vervangen:</b>	bij de fabrikant / fabriek
<b>Dimensions</b>	H 33 cm

### Omschrijving

The Mawa Tadeo 2 table lamp emits its light directly and glare-free downwards. It is made of powder-coated aluminum and is available in the surfaces black matt, red, beige, blue or grey. On request, the lamp is also available in other RAL colours. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white.

The Tadeo 2 can be switched and continuously dimmed via a push button dimmer on the base of the lamp. By briefly pressing the push button dimmer once, the lamp is switched on or off. The light can be dimmed continuously by pressing and holding the push button dimmer. The last selected light intensity is saved by a memory function and automatically set again the next time the lamp is switched on. In addition to this table lamp, there is also available the Tadeo 1 from the series, which emits light both upwards and downwards.
