stralingshoek	30 Graad
kabellengte	200 cm
hoogteverstelling	hoogte bepaalbaar
dimmen	dimbaar op locatie met faseafsnijding dimmer
Wattage	25 W
LED	inclusief
Kleurweergave-index	>90
Dimensions	H 18 cm Ø 9 cm

Omschrijving

The Mawa Seventies pendant lamp LED emits its light directly and bundled downwards. Due to the compact design of its lamp shade, no screws are visible. The shade has a height of 18 cm and a diameter of 9 cm. The lamp is offered in the powder-coated surfaces black or white matt. On request, it is also available in other RAL colours.

The Seventies pendant lamp has an integrated LED with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. On request, it is also available with 4,000 Kelvin white. This lamp can be dimmed on site with a trailing edge phase dimmer. A DALI dimmable version is also available on request. The lamp's colour rendering index is Ra >90. On request, it is also offered with Ra >95, which is closer to natural light (Ra 100).

The 200 cm long cable can be shortened if necessary. As standard, the Seventies pendant lamp LED is supplied with a beam angle of 30 degrees. With a larger beam angle, the light is distributed over a larger area. Optionally, the cylindrical ceiling light can also be ordered with a beam angle of 16 or 22 degrees in the field Order Comment. The pendant lamp is also available from Mawa as a recessed lamp.
