

LDM

Wyng Wall 6 Cube

Oberfläche

- bronzen
- zilver
- wit

Dimmbarkeit

- dimbaar met fase- en fase-afsnijding en fase-regelingsdimmer
- met Casambi module

Technical details

Land van fabricage	 Duitsland
fabrikant	LDM
ontwerper	Lasch + Prillwitz
bescherming	IP20
Omvang van de levering	LED
materiaal	Acrylglas, aluminium
Wattage	32 W
LED	inclusief
Kleurweergave-index	90
Lichtstroom in lm	3.232
Kleurtemperatuur in Kelvin	2.700 extra warm wit
bulb vervangen:	bij de fabrikant / fabriek
Dimensions	B 60 cm L 60 cm

Omschrijving

The LDM Wyng Wall 6 Cube is a wall and ceiling lamp with a hexagonal lamp shade. Its shade has a width and length of 60 cm each. It consists of transparent acrylic glass and is printed with a precise square pattern on the inside. The light source is an integrated LED with a colour temperature of 2,700 Kelvin extra-warm white, which emits 80 % of its light directly to the front. The rest of the emitted light is distributed indirectly at the wall or ceiling by the square screen-printed motif.

The Wyng Wall 6 is available with a wall bracket in white, silver metallic and bronze finishes. The wall and ceiling lamp is offered in two versions: dimmable on site with a trailing edge and / or leading edge phase dimmer or with an integrated Casambi module. With a Casambi module, it is possible to operate the light by smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the possibility of regulating several suitable lamps in groups. On request, the lamp is also offered DALI dimmable. In addition to this Wyng, LDM also offers a wall and ceiling lamp from the lamp series with a dot pattern on the acrylic glass.
