

Domus

Pila Pendant Lamp

Technical details

Land van fabricage	 Duitsland
fabrikant	Domus
jaar	1997
bescherming	IP20
Omvang van de levering	Leuchtmittel/ Bulb
materiaal	hout, Lunopal
kabel kleur	zwart
kabellengte	200 cm
hoogteverstelling	hoogte bepaalbaar
dimmen	dimbaar op locatie
base/versie	E27
Vermogen (max. Watt)	75 Watt
lampenkap kleur	wit
Schaduw diameter	30 cm
schermhoogte	22 cm

Omschrijving

The eye-catcher of this pendant lamp is the elegantly curved arch, which is made from a single solid piece of wood in many working steps. This arch made of beech wood holds the two-part white lampshade made of Lunopal. Lunopal is a high-quality shade material developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. The black 200 cm long textile cable of this height-adjustable lamp deliberately contrasts with the white lampshade. The white lamp shade of the Domus Pila pendant lamp is 22 cm high and has a diameter of 30 cm. The Pila pendant lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
