

Domus Stele

Oberfläche

- Beuken
- eikenhout
- walnoot

Technical details

Land van fabricage	 Duitsland
fabrikant	Domus
ontwerper	Ralf Brüning
jaar	2007
bescherming	IP20
Omvang van de levering	Leuchtmittel/Bulb
materiaal	hout, Lunopal, staal
dimmen	cord dimmer
base/versie	E27
lampenkap kleur	wit
prestaties van het systeem	4 x 60 Watt (max.)
totale hoogte	170 cm

Omschrijving

The Domus Stele is available in oak, core beech and walnut finishes. The square lamp base is made of steel. Its two-part lamp shade is made of white transparent Lunopal. Lunopal is a high-quality material that Domus has developed for its lamp shades and is both environmentally friendly as well as temperature-resistant. This material gives the impression of fine Japanese paper and does not yellow. This Domus Stele has an E27 socket and can be operated with replaceable LEDs (retrofit). It can be regulated with a foot dimmer on the supply line.
