Omschrijving

The Vibia Warm 4905 floor lamp has a white lamp shade made of transparent screen canvas. The lamp gives light upwards and downwards as well as sideways through the transparent lamp shade. In total, the floor lamp by Vibia is 150 cm high. The lamp shade has a diameter of 42 cm and a height of 24 cm. An on/off switch is located on the supply line. The Warm 4905 has three E27 sockets that are suitable for replaceable LEDs (retrofit).
