

Catellani & Smith

Ettoreino Clamp

Oberfläche

- zwart
- kleurrijk
- wit

Technical details

Land van fabricage	 Italië
fabrikant	Catellani & Smith
ontwerper	Enzo Catellani
jaar	2022
bescherming	IP20
Omvang van de levering	LED
Projectie in cm	73
materiaal	aluminium, ijzeren, messing
dimmen	cord dimmer
Wattage	10 W
LED	inclusief
Kleurweergave-index	80
Lichtstroom in lm	1.440
Kleurtemperatuur in Kelvin	2.700 extra warm wit
bulb vervangen:	ter plaatse zelf
Dimensions	H 28 - 90 cm

Omschrijving

The Catellani & Smith Ettoreino Clamp can be clamped to tables, shelves etc. and can also be attached to a new location if required. The Ettoreino clamp lamp can be directed flexibly. The lamp arm can be tilted and swivelled. The lamp head can also be rotated and tilted. In addition, the clamp light can be rotated 350 degrees around its own axis via a joint on the lamp base. Depending on how the lamp is aligned, the lamp head has a height of between 28 cm and 90 cm. A patented process ensures that the lamp remains stable in any selected position.

The Ettoreino Clamp is suitable for tables with a thickness of up to 5.5 cm. The clamp lamp is available in the surfaces white, black and multicoloured. A small, red, human figure adorns the arm of the lamp as a design element. The clamp lamp is regulated via a dimmer on the supply line. The lamp is operated with an integrated LED with a colour temperature of 2,700 Kelvin extra warm white.
