

Holtkoetter

Supernova DL

Struktur

- wit
- aluminium
- zwart / messing
- wit / aluminium

Technical details

Land van fabricage	 Duitsland
fabrikant	Holtkoetter
ontwerper	Holtkötter
jaar	2023
Diameter in cm	49,5
materiaal	Metall
dimmen	faseafsnijding dimmen
Wattage	45 W
LED #	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	6700
Kleurtemperatuur in Kelvin	2.200 - 2.900
bescherming	IP20
Omvang van de levering	LED
luifel Dimensions	42 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 25 cm Ø 49,5 cm

Omschrijving

The Holtkötter Supernova DL LED ceiling lamp combines a powerful light output with unique optics. This lamp has a large, flat ring that fulfils a very special task. This is elegantly connected to the large, round ceiling canopy by a gentle curve, so that both elements are directly opposite each other and together create a harmonious image. The lamp can be dimmed continuously using an external trailing edge phase dimmer. When dimmed, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The Holtkötter Supernova is available in the following surface textures: Aluminium matt, white, black/brass anodised and white/aluminium matt.
