Strumień świetlny w lm	362
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
wydajność systemu	2 x 2,1 Watt
Dimensions	H 13 cm B 5 cm

Opis

The Vibia Alpha 7935 is another wall lamp from the Alpha series of Ramos & Bassols. The two designers have combined different lamp shapes in a row. The Alpha 7935 is a rectangular light with a width of 5 cm, a height of 13 cm and a depth of 3 cm. Through these measures, the Vibia Alpha 7935 Wall lamp is especially suitable to ensure indoors partially lighting.

In addition, these Alpha can also be wonderfully combined with other lamps of the Alpha series. The Alpha 7935 is available by Vibia in four different finishes:

- Matt white with a border made of chrome
- Matt black with a chrome border
- Graphite gray matt with black border
- Completely white.

The wall lamp has a colour temperature of 2,700 Kelvin extra warm white. On request it is also available with 3,000 Kelvin warm white or 4,000 Kelvin white.
