Opis

The Byok Nastrino Pico with table clamp is a table lamp, characterised by its functionality. High-quality LED technics combined with two dazzle-free light zones create the ideal working light. This is underlined by the well-thought-out joint technics used with the Nastrino table lamp with clamp.

The design is very nice as well because this lamp consists of simple ground aluminium profiles. Different surfaces are offered for the Byok Nastrino Pico table lamp. Byok offers this lamp with a table stand as well. The Nastrino Pico table lamp is dimmed by gesture control. During dimming, the light colour of the LEDs takes on a warmer tone thanks to the Dim2Warm technology, changing from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
