Opis

The Serien Lighting Curling Suspension Rope LED opal can be individually set in its total height between 15 cm and 195 cm during installation. It emits its light both downwards and softly diffused all around. This Curling pendant light is offered in two sizes. The Small lamp has a lamp shade with a diameter of 18 cm and the Medium lamp.

The Serien Lighting Curling Suspension Rope LED opal is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. DALI dimmable lamps or versions with dim to warm function are also available on request. Here, the dimming behaviour of classic incandescent lamps, which is perceived as pleasant, is imitated during dimming.
