Opis

The Catellani & Smith Luce d'Oro F is the floor lamp from this series. This floor lamp is height adjustable between 210 and 230 cm. The lamp rod has a height of 150 cm. The Luce d'Oro Terra has a flexible arm above the fixed rod, which can be moved in any direction. In this way, the position of the reflector disc at the end of the arm can be readjusted again and again. At the same time, the lamp head, which emits its light onto this disc, can be readjusted again and again via another flexible arm.

There are offered three different versions of the reflector disc: Silver leaf, gold leaf and copper. In the versions in gold leaf and copper all elements like connections are made of brass, in the silver leaf version they are nickel-plated. The lamp base with a length and width of 30 cm is made of waxed cast iron, as is the lamp rod. The disc with a diameter of 50 cm is made of metal. An GU5.3 LED retrofit with a power of 7 watts serves as a light source. The floor lamp has a dimmer on the cable with a slider.
