## Opis

The Ingo Maurer Campari Light shows like hardly any other lighting composition by Maurer how innovative and creative lamps might be. Ten original Campari soda bottles are combined to one extraordinary ensemble wrapping the room into a fascinating red. In the middle of the bottles the transparent plastic body can be found which holds the illuminant. The canopy is transparent, too. You may take off every single Campari Light bottle. The lamp is continuously adjustable to height due to the Campari crown cap attached to the rope. The Ingo Maurer Campari Light is on offer in two cable lengths being either 155 cm or 400 cm.
