

Luceplan

Hope Wall 48

Technical details

Kraj produkcji	 Włochy
producent	Luceplan
projektant	Paolo Rizzatto
projektant 2	Francisco Gomez Paz
rok	2009
ochrona	IP20
zakres dostawy	Leuchtmittel/Bulb
Głębokość w cm	29
Średnica w cm	48
tworzywo	poliwęglan, stal
powierzchnia	przezroczysty
ściemnianie	ściemnialna ściemniaczy kontroli faz
pedestał/wersja	R7s
Moc (maks. W)	120 Watt
Strumień świetlny w lm	2.250
Temperatura barwowa w stopniach Kelvina	2.950 biała ciepła
dystrybucja światła	pośrednio
Dimensions	H 43 cm Ø 48 cm

Opis

The Luceplan Hope Wall 48 is with its diameter of 48 cm, the smaller light of two wall lights which are available in this series. It has a depth of 28.5 cm and a height of 43 cm. The light can be dimmed on site. The lamp body of the wall light consists of several pairs of arms arranged in pairs, on which a total of six Fresnel lenses are placed. The lenses break the light of the illuminant like glass and simultaneously produce a variety of reflections on the wall, ceiling and floor.

Designed by Francisco Gomez Paz and Paolo Rizzatto in 2009, the lamp and the complete series was inspired by the famous Hope Diamond. The series has been awarded with numerous prizes, including the Red Dot Design Award and the Compasso d'Oro.
