Opis

This Vibia Wireflow is a pendant lamp, designed by Arik Levy. This lamp is the version without glass diffusers. The aesthetics of a chandelier are reinterpreted in an avant-garde simplification. The filigree appearance of the pendant lamp with 8 integrated LEDs ties in with a classic model of a chandelier and adds a new, innovative and futuristic dimension to this type of light. This Wireflow lamp is height-determinable and can be dimmed by the customer.
