Opis

The Vibia Tempo 5756 is a wall lamp with connection via plug. An adjustable rod emerges from the base attached to the wall, with blown glass diffuser and a tensing cable that permits precise adjustment of the height of the glass shade. An LED light source is included. This lamp is available in the surfaces terracotta-red, graphite-grey, cream-white and green. All surfaces are matt lacquered.

Tempo lamps are a design by Lievore Altherr. Wall lamps that affirm their presence in vertical planes. This version has a classic disc lamp. All inspired by degrees of luminance and the interplay between opacity, translucence and transparency. On request, this lamp is also available with connection via wall outlet (Tempo 5757). On request, versions with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white are also optionally available on request.
