### Opis

The Vibia Tempo 5762 is a wall lamp composed of a stylized profile attached to the wall and topped by a blown glass diffuser that gives the piece a delicate image. Connection with plug. LED light source. Tempo lamps are a design by Lievore Altherr and affirm their presence in vertical planes. Vibia presents for this lamp a disc lamp. All inspired by degrees of luminance and the interplay between opacity, translucence and transparency. All Vibia Tempo wall lamps use LED lighting. The following surfaces are available: graphite-grey, cream-white and green. All versions are matt lacquered. On request, the wall lamp is also available with connection via wall outlet (Tempo 5763). The standard colour temperature is 2.700 Kelvin warm white, on request the lamp is also available with a colour temperature of 3.000 Kelvin warm white or 4.000 Kelvin white.
