## Bolle LT P

### Oberfläche

- przezroczysty
- biały

### Technical details

<b>Kraj produkcji</b>	 Włochy
<b>producent</b>	Vistosi
<b>projektant</b>	Barbara Maggiolo
<b>rok</b>	2003
<b>ochrona</b>	IP20
<b>zakres dostawy</b>	Leuchtmittel/Bulb
<b>tworzywo</b>	szkło kryształowe , metal
<b>pedestał/wersja</b>	G9
<b>Możliwość zmiany trybu</b>	na smyczy
<b>Moc (maks. W)</b>	60 Watt
<b>Średnica klosza</b>	16 cm
<b>Dimensions</b>	H 19 cm

### Opis

The Vistosi Bolle LT P is a table lamp with a lamp shade made of mouth-blown crystal glass. The glass is processed using the Balaton technique, in which air bubbles are enclosed into the glass. This creates a special texture which multiplies the reflections on the surface of the glass. In addition, a halo effect appears on the table on which the lamp stands. The lamp shade is available in crystal transparent and white surfaces. The lamp base is made of satin nickel-plated metal. Altogether the Bolle LT P is 19 cm high and has a lamp shade with a diameter of 16 cm. An on/off switch is integrated on the supply line. The table lamp can be operated with halogen lamps or LED retrofits.
