### Opis

The Knapstein TULA-L wall lamp has a square lamp shade made of high-quality, white chintz, from which light is emitted directly downwards and diffusely into the room. As an additional light source, the wall lamp has a flexible reading arm that can be realigned at any time. The lamp shade is 19 cm high. It has a length of 28 cm and a width of 13 cm. The lamp has a total height of 27 cm and a depth of 18 cm. The TULA-L from Knapstein has a matt nickel-plated surface. As standard, the lamp has no switch, on request it can be supplied with a switch. The lamp head of the flexible reading arm is operated by an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. The E27 socket of the lamp shade is suitable for replaceable LED retrofits.
