

Grupa Baluna Ceiling

Technical details

Kraj produkcji	 Chorwacja
producent	Grupa
ochrona	IP20
zakres dostawy	LED 230 Volt
tworzywo	stal, szkło mleczne
powierzchnia	czarny
długość kabla	500 cm
regulacja wysokości	z regulacją wysokości
ściemnianie	w sprawie zawieszenia
pedestał/wersja	E14
Moc (maks. W)	6 Watt
LED	łącznie
baldachim Wymiary	9 cm
Średnica klosza	20 cm
wymiana żarówek:	na miejscu
Dimensions	H 136 - 203 cm

Opis

The Grupa Baluna Ceiling is a height-adjustable ceiling lamp. It can be adjusted in height between 136 cm and 200 cm. Its glass shade can be rotated 360 degrees around its own axis. It is made of triple-coated and mouth-blown opal glass. The lamp shade has a diameter of 19.7 cm. Directly above the shade is a built-in dimmer at the end of the suspension.

The ceiling suspension of the Baluna Ceiling and the canopy are made of black, powder-coated steel. They are finished and assembled by hand. The lamp is available in other finishes on request. The Baluna Ceiling can be connected via a supply cable with a length of 500 cm. When mounted on a ceiling connection, the supply cable can also be removed if required.
