Opis

The Grupa Arigato Wall 45 is a wall lamp with a rotating and swivelling joint arm. The joint arm consists of two parts, each with a length of 70 cm. Its lamp shade has a diameter of 45 cm and can be rotated by 360 degrees and swivelled by 125 degrees. The diffuser at the bottom of the lamp shade prevents glare when the light is emitted. The Arigato Wall 45 can be connected via a delivered supply cable or directly to a wall connection. An on/off switch is integrated on the wall bracket. The Arigato Wall 45 is available with a black or white matt powder-coated finish. It is also offered in other finishes on request. The E27 socket of the lamp can be operated with halogen lamps as well as with LED retrofit lamps.
