Opis

The LDM Santo Tubo Terra is a floor lamp with a height of 181.5 cm. Two LEDs with a colour temperature of 2,850 Kelvin warm white are integrated in the tubular lamp rod. The upper part of the lamp with an integrated LED can be rotated by 350 degrees so that the light can be directed to different sides.

The Santo Tubo floor lamp is made of aluminum and is available in the versions polished aluminum, silver metallic, bronze as well as black and white matt. All surfaces except polished aluminum are powder-coated. The round lamp base has the same surface as the rest of the lamp and has a diameter of 20 cm. The light can be switched and dimmed touchlessly via a sensor dimmer on the lamp rod. The lamp is switched on or off with a wiping hand movement in the sensor area. To dim the light, the hand is held in the sensor area for a longer time.
