

Steng

Small Brigg 2 LED

Oberfläche

- aluminium
- czarny
- biały

Farbtemperatur in Kelvin

- Dim to warm
- 2.700 extra biała ciepła
- 3.000 biała ciepła

Technical details

Kraj produkcji	 Niemcy
producent	Steng
projektant	Peter Steng
projektant 2	Andreas Steng
ochrona	IP20
zakres dostawy	LED
Głębokość w cm	7
tworzywo	aluminium
ściemnianie	ściemnialne z przycinaniem fazy i ściemniaczem z regulacją fazy
Moc w watach	11 W
LED	łącznie
Wskaźnik oddawania barw	>90
Strumień świetlny w lm	1.692
Dimensions	H 6 cm B 20 cm

Opis

The Steng Small Brigg 2 LED wall lamp emits its light simultaneously upwards and downwards. Part of the light is emitted in both directions onto the wall, from where it is then reflected into the room. Thanks to the high-quality reflector technology, the light emission is glare-free. This wall lamp has a width of 20 cm and a height of 6 cm. Its depth is 7 cm.

The displayed picture shows the product with light distribution upwards instead of upwards and downwards.

The Steng Small Brigg 2 is available in the surfaces aluminum, black matt and white matt. All surfaces have a fine structure. Other RAL colours are also available on request. Depending on the version, an LED with an output of 11 or 9 watts is integrated as the light source, which is characterised by very good colour rendering with a high colour rendering index of Ra >90.

The Small Brigg 2 can be dimmed on site with a trailing edge and / or leading edge phase dimmer. On request, the wall lamp is also available DALI dimmable. It is available from Steng with three colour temperatures: with a colour temperature of 2,700 Kelvin extra warm white, with 3,000 Kelvin warm white or with Dim-to-warm technology. With the Dim-to-warm function, the light colour of the LED changes to a warmer tone when dimmed (from 3,000 Kelvin warm white to 1,800 Kelvin extra warm white). The two lamps with 2,700 or 3,000 Kelvin each have an LED with an output of 11 watts and a colour rendering index of Ra >90, the lamp with Dim-to-warm technology has an output of 9 watts and a colour rendering index of Ra 95.
