<b>pedestał/wersja</b>	E27
<b>Moc (maks. W)</b>	75 Watt
<b>Kolor klosz</b>	biały
<b>Dimensions</b>	H 29 cm   B 20 cm

### Opis

The Domus Loop is a wall lamp with a twisted, white lampshade made of Lunopal. Lunopal is a high-quality shade material that was developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. The turned lampshade conjures up a charming play of light and shadow on the wall. The lampshade can be mounted rising to the left as well as to the right; optionally also with a larger opening downwards. The lamp's real wood wall bracket is available in a choice of beech, oak, maron oil or white lacquer. This lamp is 29 cm high, 20 cm wide and has a projection of 17 cm. The Loop wall lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
