Opis

The Arturo Alvarez Parga 1 PA104 pendant lamp has a lamp shade made of Galician granite. This material is characterised by being natural, sustainable and heat-resistant. The granite that Parga is made of is compact, light grey in colour and homogeneously permeated with black spots and fine grain. The lamp shade has a height of 18 cm and a diameter of 12 cm.

The Parga 1 PA104 is delivered with a black cable, during assembly the total height of the lamp can be set individually. The integrated LED is offered with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. The light is emitted directly and glare-free downwards from the pendant lamp.
